VALUABLE Leaflet

1. Following is the text of a letter from AIRCERT's assistant regarding JAVELIN's next leaflet raid:

"Please find attached the English version of both sides of our next VALUABLE leaflet raid, which we hope to carry out in the second half of April. Since the initiative came from OBOPUS/Athens in asking locally our proposed date and content, we have asked VALUABLE/Athens to clear the date there, but pointed out that we normally submit the English version to OBOPUS in London and follow up with copies of the operational article after the raid.

"With reference to previous correspondence, we are, of course, overprinting one side with the HTNEIGH symbol."

2. [] [] would appreciate Headquarters views on the last sentence of the first paragraph of the above quoted letter. If future coordination on raids will take place in Athens, we should so inform JAVELIN.

Did you see 'Zeri i Popullit' on 21st February?

It said that international issues could only be solved by peaceful means and in a manner acceptable to all concerned.

But at the Berlin Conference MOLOTOV showed that the U.S.S.R. will not allow international issues to be settled except on his own terms.

Why is MOLOTOV afraid to come half-way to meet the Western Powers, who revealed themselves ready to make great concessions to secure agreement, notably to obtain a treaty with Austria, to free that country from military occupation?

Molotov is afraid because he knows that any relaxation of Soviet oppression in Europe would allow the enslaved peoples to say what they think of the Communists. Do you remember 17th June in Germany?? MOLOTOV does!!

MOLOTOV dare not allow elections in freedom, because this would deprive him of the excuse to keep Soviet troops in Hungary and Roumania.

MOLOTOV dare not withdraw Soviet troops from Eastern Europe: the people would overthrow the Communist governments.

MOLOTOV dare not allow free elections in Germany; the Communists did not get a single seat in the West German elections.

MOLOTOV cannot risk free elections anywhere, so HOXHA must fake the people's council elections in Albania to make sure that you Albanians do not throw him out as he deserves.

So much for the Communist conception of liberty. But the Western Powers uphold true democratic elections - not the HOXHA dictatorship of one party - and will guarantee free elections in Albania on the day of freedom.

THE TRAITORS ARE TREMBLING !

All over Europe the hirelings of the Kremlin felt the chill wind of death when they heard that Beria, the formerly all-powerful Chief of the Russian MVD, had been shot 'after a secret trial' with a number of his friends and underlings.

Ever since the death of the mass-killer Stalin, Malenkov, the Russian Hoxha, and Beria, the Russian Shehu, had been duelling for their lives. Malenkov struck first and it was Beria who went to his death.

Which will strike first in Albania? Malenkov Hoxha or Beria Shehu? Which will take his followers down to death and disaster with him? That is the question all the Shivering Communist bosses are asking themselves, for they know their lives will not be long.

Who will be the next to go the way of Koco XOKE and his friends?

In less than twenty years four successive heads of the MVD have been shot, 60 percent of all Soviet Marshals and Generals and all the members of Lenin's first Politburo of 1917 and ALL the Party Politburo reconstituted after Lenin's death - with the single exception of the treacherous mass-murderer of his comrades, the infamous Stalin.

LET THE COMMUNIST CHIEFS IN ALBANIA PONDER THESE FIGURES AND REFLECT ON THEIR OWN CHANCES OF SURVIVAL !
